

# Riverina Wildflowers Native Nursery

## Climbers, Grasses & Groundcovers

### Grasses g

Scientific Name	Common Name	Height Metres	Description
<i>Pennisetum alopecuroides</i>	Swamp Foxtail	1-1.5m T	Erect tussock forming grass, feathery purplish flower heads above the leaves.
<i>Poa labillardieri</i>	Common Tussock Grass	.8m T	Weeping tussock forming grass, greyish leaves, flower heads above the leaves.
<i>Themeda australis</i>	Kangaroo Grass	.5-1.5m T, P	Erect tussock forming grass, (blue foliage form) flower heads above the leaves.
<i>Dicanthium sericeum</i>	Silky Blue Grass	.7m T	Perennial grass, bluish leaves, attractive seed heads above foliage during spring-summer. Full sun.
<i>Austrostipa densifolia</i>	Foxtail Speargrass	.3m T	Erect tufted perennial grass, attractive-seed heads up to 1m in spring.
<i>Austrostipa elegantissima</i>	Feathertail Speargrass	.4m T	Tufted perennial grass, with feathery flower heads in spring.

### Anigozanthos ( Kangaroo Paw )

Scientific Name	Common Name	Height Metres	Description
<i>Anigozanthos flavidus</i>	Tall Red Kangaroo Paw	.5m T, P	Tall plant with Red-rusty flowers to 1.2m above foliage.
<i>Anigozanthos flavidus</i>	Tall Kangaroo Paw	.5m T P	Tall plant with green-yellow flowers to 1.2m above foliage.
<i>Anigozanthos viridus</i>	Green Kangaroo Paw	.3m P	Small plant, bright green flowers
<i>Anigozanthos var</i>	Yellow Gem	.5m P	Tall plant with bright yellow flowers to 1.2m above foliage.
<i>Anigozanthos var</i>	Orange Cross	.5m P	Orange flowers to 1.2m above foliage.
<i>Anigozanthos var</i>	Big Red	.5m P	Red flowers to 1.2m above foliage.
<i>Anigozanthos var</i>	Orange Change	1m P	Bright orange flower spikes to 1m above foliage, spring - summer.

### Cordyline

Scientific Name	Common Name	Height Metres	Description
<i>Cordyline stricta congesta</i>	Palm Lily	1-2m P	Upright plant, with purple - maroon & new leaves, good feature plant.

### Dianella ( Flax Lilly )

Scientific Name	Common Name	Height Metres	Description
<i>Dianella revoulta</i>		0.5 P	Local species, flax like leaves, flowers blue on spikes to 1m spring-summer
<i>Dianella caerulea</i>	Paroo Lily	.7m P	Flax-like leaves, blue flowers followed by bright blue berries in spring.

### Lomandra

Scientific Name	Common Name	Height Metres	Description
<i>Lomandra confertifolia</i>	Little Con	.4m P	Small clumping plant, light green foliage, border plant.
<i>Lomandra confertifolia ssp pallida</i>	Tilga	.7-.9m P A	Medium compact plant, light green foliage, pale yellow flowers with in foliage winter - spring
<i>Lomandra longifolia</i>	Fine and Dandy PBR	.7-1m P	Medium plant, light green foliage.
<i>Lomandra longifolia</i>		.7-1.2m T	Strap like leaves, large clumping plant
<i>Lomandra longifolia</i>	Grey leaf form	.7-1.2m T	Strap like leaves, large clumping plant
<i>Lomandra hystrix</i>		.7-1m T	Large tufted plant, bright green leaves.
<i>Lomandra confertifolia ssp. pallida</i>	Little Pal	.6m P A	Small compact plant, light green & foliage, pale yellow flowers winter - spring.
<i>Lomandra cylindrica var</i>	Lime Divine PBR	.3m P A	Dense fine weeping lime-green foliage, light yellow flowers spring - summer.

### Banksia

Scientific Name	Common Name	Height Metres	Description
<i>Banksia blechnifolia</i>		.4m P	Prostrate creeping shrub, reddish & brown & flower spikes September - November.
<i>Banksia integrifolia</i>	Prostrate form	.3m P	Prostrate spreading shrub, yellow flower spikes winter-spring

Banksia petiolaris		.3m P	Prostrate creeping shrub, brown-yellow flower spikes September - November
Banksia repens	Creeping Banksia	.3m P	Prostrate creeping shrub, brown-orange flower spikes September - December.
Banksia coccinea	Scarlet Banksia	1.5m P	Variable upright shrub, brilliant red flowers in spring.
Banksia Baxteri		1-3m P	Erect open shrub with long toothed leaves, yellow flower spikes summer

### Calothamnus (Net Bush)

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Chenopods (Saltbush)

Scientific Name	Common Name	Height Metres	Description
Atriplex semibaccata	Creeping Saltbush	.2m T	Local species, prostrate spreading plant, grey foliage.
Enchylaena tomentosa	Ruby Saltbush	.4m T	Local species, low spreading shrub, grey foliage, yellow-red fruits

### Correa (Native Fuchsia)

Scientific Name	Common Name	Height Metres	Description
Correa decumbens	Spreading Correa	.5m P	Open prostrate shrub, pink-red flowers tipped pale green autumn
Correa pulchella	Orange form	.5m P	Small shrub, orange flowers winter.
Correa pulchella	Red form	.7m P	Small shrub, red flowers winter
Correa pulchella x reflexa	Dusky Bells	.4m P	Low growing shrub, pink flowers autumn-winter

### Crocea

Scientific Name	Common Name	Height Metres	Description
Crocea exalata x saligna	Festival	.5m P	Small shrub, pink flowers autumn-winter.
Crocea	Poorinda Ecstasy	.7m P	Small shrub, pink flowers summer-autumn

### Dampiera

Scientific Name	Common Name	Height Metres	Description
Dampiera linearis		.2m P	Small spreading shrub, light blue flowers spring-summer
Dampiera purpurea		.5m P	Spreading shrub, intense blue-purple flowers September - October
Dampiera teres		.5m P	Small erect shrub, grey foliage, blue flowers spring-summer.
Dampiera diversifolia		.3m P	Low growing shrub, purple - blue flowers spring - summer.

### Eremophila (Emu Bush) g

Scientific Name	Common Name	Height Metres	Description
Eremophila delibus		.1m P	Prostrate spreading plant, white flowers spring-summer, pink-purple fruit
Eremophila macdonnellii		.5m P	Low spreading shrub, purple flowers winter-spring
Eremophila glabra	Kalbarri Carpet	.2m P	Prostrate spreading plant, grey leaves, orange-yellow flowers winter-spring
Eremophila glabra	Roseworthy form	P	Low spreading groundcover, light green foliage, orange flowers. Full sun.
Eremophila glabra	Amber Carpet	.2m P	Low spreading groundcover, dark green foliage, orange flowers. Full sun.
Eremophila glabra ssp. verrucosa		.3m P	Low spreading shrub, light green foliage, yellow-green flowers.
Eremophila barbata		.3m P	Low spreading plant, blue - mauve flowers, spring - summer
Eremophila densifolia		.6m P	Small shrub, narrow leaves, blue - purple flowers winter - spring.
Eremophila subteretifolia		P	Spreading prostrate shrub, green leaves, yellow-orange flowers spring-autumn.

### Grevillea

Scientific Name	Common Name	Height Metres	Description
Grevillea confertifolia		P	Prostrate shrub, pink-mauve flowers.

Grevillea laurifolia		P	Prostrate trailing shrub, red-purple flowers autumn-spring.
Grevillea nudiflora		0.5 P	Spreading shrub, clusters of red and yellow flowers autumn-spring.
Grevillea synapheae	Catkin Grevillea	.3m P	Prostrate form, bluish green leaves, pale yellow flowers above the foliage winter.
Grevillea	Bronze Rambler	.3m P	Spreading shrub, red flowers.
Grevillea	Royal Mantle	.3m P	Prostrate spreading plant, red-purple flowers.
Grevillea optusifolia	Gin Gin Gem	P	Prostrate plant, dense foliage, red flowers spring.
Grevillea	Cooroora Cascade	.5m P A	Low spreading plant to 2m across, bright green foliage, large golden brush flowers, late summer - winter.

#### Goodenia

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

#### Hibbertia

Scientific Name	Common Name	Height Metres	Description
Hibbertia scandens		P	Climbing plant, yellow flowers spring-summer
Hibbertia pendunculata		.2m P	Small compact plant, yellow flowers spring-summer.
Hibbertia obtusifolia		.2m P	Small spreading plant, yellow flowers through spring and summer.

#### Kunzea g

Scientific Name	Common Name	Height Metres	Description
Kunzea ambigua		.3m P	Low spreading shrub, fragrant white flowers in spring.

#### Lechenaultia

Scientific Name	Common Name	Height Metres	Description
Lechenaultia bilboa	Sky Blue	.5m P	Straggling small shrub, light blue flowers spring.
Lechenaultia bilboa	Deep Blue	.5m P	Straggling small shrub, dark blue flowers spring.

Lechenaultia formosa	Orange form	P	Prostrate form, orange flowers autumn-spring
Lechenaultia formosa	Orange and yellow form	.2m P	Low semi-erect small plant, yellow flowers autumn-spring
Lechenaultia formosa	Yellow form	.2m P	Low semi-erect small plant, yellow flowers autumn-spring
Lechenaultia formosa	Red form	P	Prostrate form, red flowers autumn-spring
Lechenaultia formosa	Scarlet OHara	.2m P	Low spreading shrub, red flowers autumn-spring.

#### Leptospermum (Tea-tree)

Scientific Name	Common Name	Height Metres	Description
Leptospermum rotundifolium	Julie Anne	.3m P	Low growing form, good ground cover, pale pink flowers autumn - winter.

#### Melaleuca (Paperbark) g

Scientific Name	Common Name	Height Metres	Description
Melaleuca linariifolia	Snow in Summer	.3m P	Dwarf form, reddish new foliage, white flowers, late spring-summer.
Melaleuca thymifolia	Cotton Candy	.5m P	Low spreading shrub, bright pink flowers, spring-summer.
Melaleuca thymifolia	Pink Lace	.5m P	Low spreading shrub, pale pink flowers, summer.
Melaleuca thymifolia	White Lace	1m P	Small shrub, white flowers, spring-summer.
Melaleuca hypericifolia	Ulladulla Beacon	.6m P	Low spreading shrub, red-rusty flowers, spring.

#### Olearia (Daisy Bush)

Scientific Name	Common Name	Height Metres	Description
Olearia lanuginosa		.4m P	Low spreading shrub, grey-white foliage, white flowers

#### Prostanthera (Native Mint)

Scientific Name	Common Name	Height Metres	Description
Prostanthera calycina	Red Mint Bush	.4m P	Small compact shrub, light red flowers August - November..

Prostanthera saxicola		.3m P	Small spreading shrub, white and purple flowers spring
-----------------------	--	-------	--

### Scaevola ( Fan Flower )

Scientific Name	Common Name	Height Metres	Description
Scaevola albida	Blue flower form	.3m P	Small&nbsp;spreading plant to 40 cm, light blue flowers mainly spring-summer.
Scaevola albida	Pink flower form	.3m P	Small&nbsp;spreading plant to 40 cm, pale pink flowers mainly through spring and summer.
Scaevola albida	White flower form	.3m P	Small spreading plant to 40cm, white flowers mainly spring-summer.
Scaevola albida	Mauve flower form	.3m	Small spreading plant to 40cm, violet flowers mainly spring-summer.
Scaevola albida	Compact form	.2m P	Small compact plant, blue-mauve flowers, spring-autumn.

### Thryptomene

Scientific Name	Common Name	Height Metres	Description
Thryptomene saxicola	Pink Lace	.5m P	Small spreading shrub, profuse pink flowers winter - spring.
Thryptomene saxicola	Mingenew	.6m P	Small spreading shrub, masses small deep pink flowers winter - spring.
Thryptomene stenophylla		.7m P	low spreading shrub, deep pink flowers during winter.

### Viola ( Native Violet )

Scientific Name	Common Name	Height Metres	Description
Viola hederacea	Native Violet	P	Light green round-kidney shaped leaves, white and purple flowers most of the year.
Viola hederacea	Blue flower form	P	Light green round-kidney shaped leaves, light blue flowers most of the year.
Viola hederacea	White flower form	P	Light green round-kidney shaped leaves, white flowers most of the year.

### Xanthorrhoea ( Grass Tree )

Scientific Name	Common Name	Height Metres	Description
Xanthorrhoea johnsonii	Grass Tree	A	Upright plant, slow growing.

## Fern

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

## Brachyscome ( Daisy )

Scientific Name	Common Name	Height Metres	Description
Brachyscome formosa	Pilliga Daisy	P	Low spreading plant to 30cm, soft green &nbsp;toothed shaped foliage, &nbsp;mauve-pink &nbsp;flowers spring-summer.
Brachyscome macrocarpa			Low spreading plant to 30cm, soft green-grey foliage, &nbsp;dark blue flowers spring-summer.
Brachyscome multifida	Breakoday	.1m P	Hardy low spreading plant to 50cm, soft green foliage, blue flowers spring-summer.
Brachyscome multifida	Compact	.15m P	Upright compact plant, soft green foliage, light blue flowers spring-summer.
Brachyscome multifida	Pink flower form	.1m	Low spreading plant to 50cm, soft green foliage, pale pink flowers spring-summer.
Brachyscome multifida	White flower form	.1m	Low spreading plant to 50cm, soft green foliage, white flowers spring-summer.

## Patersonia ( Native Iris )

Scientific Name	Common Name	Height Metres	Description
Orthrosanthus multiflorus	Morning Flag	.6m P	Clumped plant with grass like leaves blue flowers with stem to 80cm in spring.
Patersonia occidentalis	Native Iris	.4m	Flat leaves with violet-purple flowers, spring - summer.
Patersonia occidentalis	White flower form	P	Clumped plant, white flowers spring - early summer.

## Hardenbergia

Scientific Name	Common Name	Height Metres	Description
Hardenbergia violacea	Happy Wanderer	P	Vigorous climber, mauve-purple flowers winter-spring
Hardenbergia violacea	Alba	P	Vigorous climber, white flowers winter-spring
Hardenbergia comptoniana	Native Wisteria	P	Twining climber, moderately vigorous with &nbsp;trifoliate leaves, purple flowers in spring.&nbsp;

### Eutaxia

Scientific Name	Common Name	Height Metres	Description
Eutaxia obovata nana		.5m	Small compact shrub, yellow and red flowers in spring, most soils.

### Agapetes

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Aphanopetalum

Scientific Name	Common Name	Height Metres	Description
Aphanopetalum resinatum	Gum Vine	P	Dark green shiny leaves small greenish flowers spring.

### Brackysema

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Cissus

Scientific Name	Common Name	Height Metres	Description
Cissus antarctica	Kangaroo Vine	P	Vigorous climber, dark green leaves, small greenish flowers spring-summer

### Chrysocephalum

Scientific Name	Common Name	Height Metres	Description
Chrysocephalum apiculatum	Yellow Buttons	.2m P	Prostrate spreading plant, yellow flowers autumn-spring.
Chrysocephalum		.1m P	Prostrate plant, silver-green foliage, yellow flowers during spring - summer
Chrysocephalum		.2m P	Small compact plant, yellow flowers autumn-spring
Chrysocephalum		.3m P	Prostrate plant, silver-grey foliage, yellow flowers spring - autumn
Calocephalus citreus	Lemon Beauty Heads	.3m P	Low plant, silver-grey foliage, bright yellow flowers heads spring-summer.

### Clematis

Scientific Name	Common Name	Height Metres	Description
Clematis gentianoides	Clematis	P	Creeper, white flowers spring-summer

Clematis microphylla	Small-leaved Clematis	P	Climber, massed white-cream star shaped flowers August - September
----------------------	-----------------------	---	--

### Convolvulus

Scientific Name	Common Name	Height Metres	Description
Convolvulus erubescens		.1m P	Prostrate spreading plant , soft green foliage, pink flowers spring - summer, .&nbsp;

### Doryanthes

Scientific Name	Common Name	Height Metres	Description
Doryanthes excelsa	Gynea Lily	1-2m T P A	Sword-like leaves, red flower spike to 6m spring-summer.
Doryanthes palmeri	Spear Lily		Large green leaves, red flowers borne on stem to&nbsp;3 metres.&nbsp;

### Jasminum

Scientific Name	Common Name	Height Metres	Description
Jasminum simplicifolium ssp suavisissimum	Sweet Jasmine	P	Small twining shrub, fragrant white flowers spring-summer

### Kennedia

Scientific Name	Common Name	Height Metres	Description
Kennedia rubicunda	Dusky Coral Pea	P	Vigorous climber, dark green leaves, dull red pea-flowers.

### Myoporum

Scientific Name	Common Name	Height Metres	Description
Myoporum parifolium purpurea		P	Prostrate spreading plant, purplish leaves, white flowers in spring
Myoporum parvifolium	Fine leaf form	.2m P	Prostrate spreading plant, fine narrow leaves, masses of white flowers in spring.
Myoporum parvifolium	Pink flower form	P	Prostrate spreading plant, pale pink flowers in spring.
Myoporum parvifolium	Creeping Boobialla	P	Prostrate spreading plant, white flowers in spring.

### Pandorea

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Pandorea jasminoides	Pink flower form	P, A	Vigorous climber, large pink trumpet shaped flowers spring-summer
Pandorea jasminoides	White flower form	P, A	Vigorous climber, large white trumpet shaped flowers spring-summer
Pandorea jasminoides	Variegated leaf form	P	Climber, large white trumpet shaped flowers spring-summer
Pandorea pandorana	Wonga Vine	P	Climber/creeper with white tubular flowers spring
Pandorea pandorana	Ruby Belle	P, A	Vigorous twinning creeper, ruby red tubular flowers spring-summer
Pandorea pandorana	Golden Showers	P, A	Vigorous twinning creeper, golden tubular flowers spring-summer
Pandorea pandorana	Orange flower form	P, A	Vigorous twinning creeper, orange tubular flowers spring-summer
Pandorea pandorana	White flower form	P, A	Vigorous twinning creeper, white tubular flowers spring-summer

#### Philotheca

Scientific Name	Common Name	Height Metres	Description
Philotheca salsolifolia		.5m P	Small shrub, green heath like leaves, profuse blue-mauve flowers in spring.

#### Rhodanthe

Scientific Name	Common Name	Height Metres	Description
Rhodanthe chlorocephala ssp. rosea	Paper Daisy	.5m	Erect annual, pink-red-white flowers.
Rhodanthe anthemoides	Paper Daisy	.2m P	Spreading plant, grey-green foliage, white flowers with orange centres spring-summer.

#### Swainsona

Scientific Name	Common Name	Height Metres	Description
Swainsona galegifolia	Darling Pea	1m P	Small shrub, large pea-flowers mauve-pink flowers spring-summer.
Swainsona formosa	Sturts Desert Pea	P	Local species, trailing plant to 1-2m across, grey-green leaves, brilliant red and black flowers spring-summer.

#### Xerochrysum

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Xerochrysum bracteatum	Dargan Hill Monarch	.4m P	Large bright yellow everlasting flowers, grey leaves, spring - autumn.
Xerochrysum bracteatum	Lemon Monarch	.5m P	Spreading plant, grey leaves, large pale yellow/lemon everlasting flowers throughout the year..

#### Darwinia

Scientific Name	Common Name	Height Metres	Description
Darwinia citriodora	Lemon-scented Darwinia	.3m P	Prostrate form, white flowers spring - summer, part shade - full sun.

#### Acacia

Scientific Name	Common Name	Height Metres	Description
Acacia howittii	Green Wave	.5 - 1m P	Small compact weeping shrub, yellow flowers in spring.
Acacia baileyana	Cootamundra Wattle prostrate	.6m P	Low spreading shrub, grey leaves, yellow flowers in spring.

#### Coronidium

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

#### Billardiera

Scientific Name	Common Name	Height Metres	Description
Billardiera ringens		P	Showy climber, light green leaves with clusters of open orange flowers during September - November.

#### Pycnosorus

Scientific Name	Common Name	Height Metres	Description
Pycnosorus globosus	Billy Buttons or Drumsticks	.3m P	Small plant with woolly silvery leaves, flower stem to 80cm with yellow rounded heads in spring - summer.

#### Micromyrtus

Scientific Name	Common Name	Height Metres	Description
Micromyrtus cilata		.5m P	Low spreading shrub, profuse small white flowers ageing to red during September - November.

#### Stypandra

Scientific Name	Common Name	Height Metres	Description
Stypandra glauca	Nodding Blue Lily	.7m P	Long leafy leaves, bright blue flowers above foliage &nbsp;  September - November.

### Isotoma

Scientific Name	Common Name	Height Metres	Description
Isotoma axillaris	Rock Isotome	.3 P	Small open shrub, light green foliage, blue, lilac, and pale pink star like flowers spring - summer.

### Conostylis

Scientific Name	Common Name	Height Metres	Description
Conostylis candicans	Grey Cottonhead	.4m P	Grey strap like leaves, yellow flower clusters above foliage, August - November.

### Lily

Scientific Name	Common Name	Height Metres	Description
Bulbine bulbosa	Bulbine Lily	.3m P	Linear green leaves, with yellow star flowers along stem during spring.
Bulbine glauca	Bulbine Lily	.4 m T P	Small lily, green linear leaves, stem of yellow flowers spring - early summer.

### Dodonea g

Scientific Name	Common Name	Height Metres	Description
Dodonea procumbens	Trailing Hop-bush	.15m P	Compact shrub, bright green leaves.

### Rulingea

Scientific Name	Common Name	Height Metres	Description
Rulingea haemanniifolia		.3m P	Spreading shrub, dark green wrinkled leaves, pale pink flowers spring.

### Dietes

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Diplarrena

Scientific Name	Common Name	Height Metres	Description
Diplarrena moraea	Butterfly Flag	.4m P	Erect tufted plant with strap-like leaves, white flowers with yellow centres late spring-summer.

### Mallophora

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Spyridium

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Templetonia

Scientific Name	Common Name	Height Metres	Description
Templetonia retusa	Cockies Tongue	.3m P	Prostrate plant, grey green foliage, orange red flowers winter-spring.

### Baloskion

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

### Aizoaceae (Pigface)

Scientific Name	Common Name	Height Metres	Description
Disphyma crassifolium	Round-leaved Pigface	P	Prostrate groundcover, rounded succulent leaves, purple flowers spring-summer.
Disphyma crassifolium ssp. clavellatum	Rounded Noon-flower	10cm T P	Small prostrate succulent, purple flowers, Spring - Autumn.
Carpobrotus glaucescens	Pigface	10cm T P	Creeping succulent, purple large flowers, Spring Autumn
Carpobrotus rossii	Pigface	10cm T P	Spreading succulent, violet - purple flowers, Spring - Autumn.
