

Riverina Wildflowers Native Nursery

Small Shrubs

Acacia (Wattle) s

Scientific Name	Common Name	Height Metres	Description
Acacia aphylla	Leafless Rock Wattle	2m T, P	Leafless grey branches, single yellow flowers.
Acacia baileyana	Cootamundra Wattle	1m P	Prostrate form, leaves grey, yellow flowers.
Acacia denticulosa	Sandpaper Wattle	2m T, P	Erect shrub, leaves hard rasp-like surface, golden rod shaped flowers spring.
Acacia pravissima	Ovens Wattle	.7m	Prostrate form, arching branches, yellow flowers.
Acacia vestita	Hairy Wattle	.7m	Prostrate form, weeping habit, bright yellow flowers.
Acacia cognata	Fettuccini PBR	1m P	Small shrub with dense weeping lime-green wavy compact foliage.
Acacia cognata	Limelight PBR	1m P	Small compact shrub with dense fine lime-green weeping foliage.

Adenanthos (Woollybush)

Scientific Name	Common Name	Height Metres	Description
Adenanthos sericeus	Woollybush	1.5-2m	Tall shrub, fine soft hairy foliage, reddish flowers.
Adenanthos sericeus	Dwarf	1m	Small shrub, fine soft hairy foliage, reddish flowers.

Austromyrtus

Scientific Name	Common Name	Height Metres	Description
Austromyrtus dulcis	Midgen	.5m	Small low spreading plant, white flowers spring, greyish fruit.
Austromyrtus dulcis x tennifolia	Copper Tops	.5m	Small low spreading plant, coppery new growth, white flowers spring
Gossia inophloia	Blushing Beauty	.7m P	Bushy small shrub, deep red-burgundy new foliage, white flowers spring.

Banksia

Scientific Name	Common Name	Height Metres	Description
Banksia baueri	Possum Banksia	1m	Rounded shrub, very large soft woolly grey-yellow flowers summer-autumn
Banksia media		1-2m	Rounded shrub, yellow flower spikes summer-autumn.
Banksia menziesii	Dwarf form	1-2m	Rounded shrub reddish flower spikes autumn.
Banksia	Giant Candles	2-3m	Small to medium shrub large yellow-orange flowers autumn-winter.
Banksia ericifolia	Dwarf	.5m P	Low form of Banksia ericifolia

Beaufortia

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Callistemon (Bottlebrush)

Scientific Name	Common Name	Height Metres	Description
Callistemon	Wildfire	1.5-2m	Small shrub, apple green new foliage, bright red flowers.
Callistemon	Perth Pink	2-3m P	Medium shrub, pink flowers spring.

Calothamnus (Net Bush)

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Chenopod (Saltbush)

Scientific Name	Common Name	Height Metres	Description
Rhagodia spinescens	Spiney Saltbush	1m	Local species, medium shrub, grey foliage, ruby red fruits.

Chorizema (Coral Pea)

Scientific Name	Common Name	Height Metres	Description
Chorizema cordatum	Heart-leafed Flame Pea	.5-1m P	Small shrub, orange yellow and pink flowers spring.
Chorizema ilicifolium	Coral Flame Pea	1m P	Small shrub, with heart shaped toothed leaves, brilliant orange yellow pink flowers, spring.

Eremaea beaufortoides		1-1.5m	Spreading shrub, brilliant orange terminal flowers spring.
-----------------------	--	--------	--

Eucalyptus

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Eutaxia

Scientific Name	Common Name	Height Metres	Description
Eutaxia obovata		1m P	Small shrub, profuse yellow-orange flowers in spring, most soils.

Eremophila (Emu Bush)

Scientific Name	Common Name	Height Metres	Description
Eremophila glabra ssp. carnosa		1m P	Small hardy low spreading shrub, dark green foliage, bright orange-red flowers winter-summer. Full sun.
Eremophila bowmanii		.7-1m P	Open shrub, hairy grey leaves, large blue-mauve flowers, requires good drainage.
Eremophila brevifolia		1-2m	Shrub with rounded stalkless leaves, white-mauve flowers, requires good drainage.
Eremophila calorhabdos		1-2m	Erect sparsely branched shrub, pink-magenta flowers spring-summer.
Eremophila georgei		1.5m	Open shrub, pink flowers autumn-spring.
Eremophila glabra		1m P	Compact rounded shrub, grey leaves, orange-yellow flowers winter-spring.
Eremophila hillii		1m P	Spreading rounded shrub, dull green foliage, orange-yellow flowers mostly in spring, requires good drainage.
Eremophila maculata	"Spotted Emu Bush"	1.5m	Variable shrub, red flowers spring.
Eremophila maculata	"Aurea"	2m	Variable shrub, yellow flowers autumn-spring.
Eremophila maculata	Apricot form	1.5m P	Medium shrub, apricot flowers autumn-spring, good drainage required.
Eremophila maculata	Cerise flower form	1.5m P	Rounded shrub, brilliant cerise flowers autumn-spring.
Eremophila maculate x alternifolia	"Margenta Dream"	1m	Medium shrub, bright deep pink flowers winter-spring.

Eremophila lannii		1-2m P	Medium shrub, weeping tangled foliage, pink flowers September - November.
Eremophila gilesii x latrobei	̄̄½Yana Road̄̄½	1-1.5m P	Medium shrub, grey leaves, pink flowers August - December, good drainage required..
Eremophila glabra ssp tomentosa	̄̄½Murchison River̄̄½	1.5m	Medium shrub, grey leaves, orange-red flowers.
Eremophila glabra x veneta		1m P	Small shrub, grey leaves, light purple flowers in spring..
Eremophila nivea	Silver Eremophila	1-2m	Upright shrub, silvery grey leaves, violet-purple flowers, requires good drainage.
Eremophila nivea x drummondii	Eyre Princess	1-2m	Upright shrub, narrow leaves, blue flowers winter-spring.
Eremophila polyclada	Lignum Emu Bush	2m	Rounded many branched shrub, large white flowers, spring.
Eremophila weldii		1m	Small shrub, blue-mauve flowers spring.
Eremophila racemosa	"Peaches and Cream"	2m	Upright shrub, flower buds yellow becoming white as flower emerges spring-summer
Eremophila youngii		2m	Erect shrub, silver grey foliage, pink-red flowers winter-spring.
Eremophila pinnatifida		1m P	Medium shrub, bright green foliage, pale purple flowers. Full sun.
Eremophila hygrophana		1m P	Spreading shrub, grey foliage, lilac-purple foliage. Full sun.
Eremophila glabra	Canning Stock Route	1.5m P	Attractive medium shrub, grey foliage, red flowers. Full sun.
Eremophila macdonnellii	Pink flower form	.5m P A	Small compact shrub, grey-green leaves, with large pale pink flowers during spring-autumn.
Eremophila macdonnellii	Small leaf form	.5m P	Low spreading shrub, small grey green leaves, large purple flowers during spring - autumn
Eremophila macdonnellii	Simpson Desert Form	.5m P A	Attractive spreading shrub, grey foliage, large purple flowers during spring - autumn.
Eremophila compacta		1.5m P	Open shrub, grey-white foliage, pale pink-lilac flowers in spring, good drainage required.

Eremophila maculata	Mauve-purple	1.5 m P	Medium shrub, mauve - purple flowers in spring, good drainage required.
Eremophila aurevica		1m	Small compact shrub, fine green foliage, light blue-violet flowers winter-spring.
Eremophila gibbifolia		.5m P	Low open shrub, small dark green leaves, blue flowers in spring.
Eremophila eriocalyx		1.5m P	Upright shrub, dull grey-green leaves, lilac flowers spring-summer.
Eremophila parvifolia		.7m P	Small spreading shrub, blue flowers spring-summer.
Eremophila maculata x racemosa		2m P	Spreading compact shrub, bright green foliage, flowers pale pink, spring-summer.
Eremophila maculata	Winter Gold	1.5m P	Upright shrub, light green foliage, yellow flowers.
Eremophila	Minnie Pink	.5m P	Small shrub, very pale pink flowers, spring.

Grevillea s

Scientific Name	Common Name	Height Metres	Description
Grevillea levis		1-2m P	Dense shrub, profuse fragrant pink-creamy white flowers winter-spring.
Grevillea	Coconut Ice	1m	Open shrub, light green foliage, pink flowers.
Grevillea	Seaspray	.5-1m P	Medium dense shrub, grey foliage, red flowers autumn - winter.
Grevillea	Superb	1m	Medium shrub, apricot-pink flowers.
Grevillea	Poorinda Peter	2m	Open shrub, purple-red flowers spring-summer
Grevillea miqueliana		1-2m P	Large open shrub, green leaves, red flowers spring.
Grevillea longistyla x johnsonii	Elegance	2-3m P A	Large decorative shrub, narrow green leaves, profusion of large -pink flowers late winter - summer.
Grevillea rosmarinifolia lutea		1.5m P	Medium shrub, narrow green leaves, yellow flowers spring.

Grevillea	Golden Lyre	1.5m P	Medium shrub, grey-green foliage , green-yellow brush flowers, late summer-early winter.
Grevillea magnifica		1.5m P A	Medium shrub, grey-green foliage , mauve-purple flowers above foliage, late winter-spring.
Grevillea cv	Peaches and Cream	1.5m P	Small shrub, light green toothed leaves, lemon-cream flowers ageing to pink-apricot, spring-early summer.
Grevillea	Ned Kelly	2m P A	Medium shrub decorative large orange-red flowers throughout the year.
Grevillea cv	Ellendale Pool	1m P	Small spreading shrub, fine light green foliage, red-orange flowers winter-spring.

Gastrolobium (Swan River Pea)

Scientific Name	Common Name	Height Metres	Description
Gastrolobium celsianum	Swan River Pea	1m	Dense spreading shrub, upright grey foliage, masses red pea shaped flowers spring.
Gastrolobium sericeum	Black flower form	.5m	Open trailing plant, green grey leaves, black pea shaped flowers spring.
Gastrolobium praemorsum	Red Bush Pea	.3m P	Prostrate trailing plant, red flowers spring - summer, burgundy colored foliage.

Hakea

Scientific Name	Common Name	Height Metres	Description
Hakea	Burrendong Beauty	.5-1m P	Low spreading shrub, pink flowers along branches autumn - winter

Homoranthus

Scientific Name	Common Name	Height Metres	Description
Homoranthus papillatus		.5-1m	Compact shrub with horizontal branches, yellowish flowers spring.

Hypocalymma

Scientific Name	Common Name	Height Metres	Description
Hypocalymma angustifolium	White Myrtle	1m	Soft foliage rounded shrub, white-pink flowers winter-spring
Hypocalymma xanthopetalum		.5m P	Small shrub, yellow fluffy flowers with a long flowering period during autumn - summer .
Hypocalymma linifolium		.6m P	Rounded shrub, yellow flowers in spring.

Indigofera (Indigo)

Scientific Name	Common Name	Height Metres	Description
Indigofera australis	Austral Indigo	1.2m T	Local species, open erect shrub, profuse sprays of purple-lilac flowers spring.

Isopogon (Coneflower)

Scientific Name	Common Name	Height Metres	Description
Isopogon formosus	Rose Coneflower	1.5m P	Medium shrub, pink-mauve flowers winter-spring.

Kunzea s

Scientific Name	Common Name	Height Metres	Description
Kunzea parvifolia		1.5m P	Compact erect plant, hardy, profuse pink flowers September - October.
Kunzea pauciflora		1m P	Erect shrub, deep pink flowers in spring, good drainage required.
Kunzea pulchella	Granite Kunzea	2m P	Rounded weeping shrub, grey green leaves, bright red flowers in September - November.
Kunzea ambigua		2-3m P	Upright spreading shrub, fragrant white flowers spring.
Kunzea ambigua		2-3m P	Upright spreading shrub, fragrant pink flowers spring.

Leptospermum (Tea-tree)

Scientific Name	Common Name	Height Metres	Description
Leptospermum continentale		2m	Medium shrub, white flowers spring-summer
Leptospermum horizontalis		.5-1m P	Low spreading shrub, massed white flowers September - October..
Leptospermum rotundifolium	Lavender Queen	1.5m	Spreading shrub, lavender-cream mottled flowers spring.
Leptospermum sericeum		1.5-2m	Rounded shrub, silvery grey foliage, pink flowers spring.

Melaleuca s

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Melaleuca coccinea	Goldfields Bottlebrush	1-2m	Medium shrub, brilliant red flowers , spring and summer.
Melaleuca depauperata		1-2m	Medium shrub, pink-violet flowers s pring
Melaleuca spathulata		1-1.5m	Compact shrub, deep pink terminal f lowers, spring.
Melaleuca thymifolia	Thyme Honey Myrtle	1m	Low spreading shrub, deep violet fl owers, summer.
Melaleuca thymifolia	White Lace	1m	Small shrub, white flowers, spri ng-summer.
Melaleuca wilsonii		1-2m	Dense spreading shrub, deep pink fl owers, spring.
Melaleuca fulgens	Purple flower form	1-1.5m P	Erect shrub, showy purple flower s in spring.

Olearia (Daisy Bush)

Scientific Name	Common Name	Height Metres	Description
Olearia phogopappa	Blue flower form	.7m	Erect shrub, grey-green foliage, bl ue flowers spring.
Olearia phogopappa	Pink flower form	.7m P	Erect shrub, grey-green foliage, pink flowers spring.
Olearia axillaris	Coastal Daisy Bush	1.5m P	Erect shrub, small grey-green le aves, white-cream flowers autumn-wi nter.

Phebalium

Scientific Name	Common Name	Height Metres	Description
Phebalium notii	Pink Phebalium	.7m P	Small shrub, pink-mauve flo wers in spring.
Phebalium squamulosum	Scaly Phebalium	1-3m	Large-medium shrub, yellow flowers in spring.
Phebalium squamulosum ssp argenteum	Forest Phebalium	1-2m	Medium shrub, pale yellow flowers i n spring.
Phebalium squamulosum ssp ozothamnoides		1m	Small shrub, yellow flowers in spr ing
Phebalium stenophyllum	Golden Glow	1-1.5m	Medium shrub, yellow flowers spr ing.

Pimelea (Rice Flower)

Scientific Name	Common Name	Height Metres	Description
<i>Pimelea ferrugina</i>	Margenta Mist	1m P	Outstanding rounded shrub, glossy green foliage, profuse pink terminal flowers spring.
<i>Pimelea ferrugina</i>	Pale pink form	.5m P	Rounded shrub, glossy green foliage, profuse pale pink terminal flowers September - October.
<i>Pimelea ferrugina</i>	White flower form	.7m P	Small upright shrub, glossy dark green foliage, white terminal flowers, spring, part shade.

Prostanthera (Native Mint)

Scientific Name	Common Name	Height Metres	Description
<i>Prostanthera aspalathoides</i>	Scarlet Mint Bush	.7m	Low open shrub, red flowers spring.
<i>Prostanthera incisa</i>	Cut-leaf Mint bush	.5-1.5m P	Rounded shrub, profuse violet flowers August - September, strong leaf fragrance.
<i>Prostanthera magnifica</i>	Magnificent Mint Bush	1-1.5m	Erect shrub, outstanding mauve and purple flower display spring.
<i>Prostanthera melissifolia</i>		2m	Erect shrub, purple-violet flowers spring
<i>Prostanthera ovalifolia</i>	Common Mint Bush	1-2m P	Erect shrub, profuse violet - purple flowers September - October.
<i>Prostanthera rotundifolia</i>	Round-leaf Mint Bush	1-2m	Rounded compact shrub, outstanding profuse purple flowers spring.
<i>Prostanthera rotundifolia</i>	Pink flowered form	1.5m P	Rounded compact shrub, profuse pink flowers spring.
<i>Prostanthera scutellarioides</i>		1-2m	Erect shrub, purple-violet flowers spring
<i>Prostanthera rylstonii</i>	Mint Bush	1.5m P	Small to medium shrub, deep purple flowers in spring.

Pseudanthus

Scientific Name	Common Name	Height Metres	Description
<i>Pseudanthus pimeleoides</i>		.7m P	Small upright shrub, masses of white star flowers (male) autumn-winter.

Senna (Cassia)

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Senna artemisioides	Silver Cassia	1.2m	Local species, silvery foliage, yellow flowers spring-summer.
---------------------	---------------	------	---

Thryptomene

Scientific Name	Common Name	Height Metres	Description
Thryptomene baeckeacea		.5-1m P	Small shrub, profuse pink-violet flowers autumn-winter.
Thryptomene calycina	Grampians Thryptomene	1-2m	Rounded shrub, profuse white flowers winter-spring.
Thryptomene saxicola	Paynes Thryptomene	1m P	Pendulous shrub, pale pink flowers autumn-spring.
Thryptomene saxicola	White flower form	1m	Pendulous shrub, white flowers winter-spring.
Thryptomene saxicola	Pink flower form	1m	Pendulous shrub, pink flowers winter-spring.
Thryptomene var	Nadja	.75m	Small shrub, profuse pink-violet flowers, autumn-winter.
Thryptomene stenophylla		.6m P	Small low spreading shrub, pink flowers late winter - spring.

Verticordia (Feather Flower)

Scientific Name	Common Name	Height Metres	Description
Verticordia chrysantha		.6m	Small shrub, feathery bright yellow flowers spring-summer, good drainage.
Verticordia densiflora		.5-1m P	Small shrub, massed feathery mauve - pink flowers early summer, good drainage
Verticordia drummondii	Drummond's Feather Flower	.7m P	Small shrub, massed feathery pink flowers spring - summer, good drainage
Verticordia mitchelliana	Rapier Feather Flower	.5m P	Spreading shrub, brilliant red flowers October - November, good drainage
Verticordia plumosa	Plumed Feather Flower	.5m P	Small shrub, mauve - purple flowers September - November, good drainage.
Verticordia plumosa	Pink flower form	.4m P	Small shrub, masses of pink flowers in spring, good drainage.

Westringia (Native Rosemary)

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Westringa fruticosa	Jervis Bay	1m	Rounded shrub, grey foliage, white flowers.
Westringa fruticosa x eremicola	Wynyabbie Gem	1.5m	Compact shrub, blue-mauve flowers.
Westringa longifolia		1-2m	Open shrub, soft green leaves, white flowers spring

Zieria

Scientific Name	Common Name	Height Metres	Description
Zieria cyticoides x laevigata	½ Pink Crystals ½	1m	Compact shrub, dark green leaves, pink flowers winter-spring.

Chamelaucium (Geralton Wax)

Scientific Name	Common Name	Height Metres	Description
Chamelaucium ciliatum	Stirling Waxflower	1m P	Small shrub, white to light pink flowers in spring, good grainage required.
Chamelaucium uncinatum	White flower form	2.5m P	Outstanding plant in flower, white flowers late winter - spring, good drainage needed.
Chamelaucium uncinatum	Deep pink flower form	2.5m P	Outstanding plant in flower, deep pink - purple flowers late winter - spring, good drainage required.
Chamelaucium uncinatum	Pink flower form	2.5m P	Outstanding plant in flower, pink flowers late winter - spring, good drainage required.
Chamelaucium uncinatum	Purple Pride	2.5m P	Long flowering period, deep purple flowers late winter - spring, good drainage required.
Chamelaucium uncinatum	Grandiflora	2m P	Medium shrub, large deep pink-mauve flowers late winter-spring.

Ozothamnus (Rice Flower)

Scientific Name	Common Name	Height Metres	Description
Ozothamnus diosmifolius	Rice Flower	2m P	Erect shrub, aromatic leaves, white flowers over a long period, spring - summer.

Alyogyne (Native Hibiscus)

Scientific Name	Common Name	Height Metres	Description
Alyogyne hakeifolia		2m P	Medium shrub, pink flowers spring-summer
Alyogyne hakeifolia		1.5m P	Medium shrub, pale yellow - cream flowers spring-summer

Alyogyne hakeifolia		1m	Medium shrub, blue-lilac flowers spring-summer
Alyogyne huegelii	West Coast Gem	1.5m P	Medium shrub, many blue-purple flowers August - November.
Alyogyne huegelii	White Form	1m	Medium shrub, white flowers spring-summer
Alyogyne huegelii	Pink flower form	1.5m P	Medium shrub, profuse pink flowers in September - October..

Guichenatia

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Lasiopetalum (Velvet Bush)

Scientific Name	Common Name	Height Metres	Description
Lasiopetalum behrii	Pink Velvet Bush	.9-1.5m P	Small shrub, clusters of pink flowers winter-spring full sun or part shade.
Lasiopetalum ferrugineum		.7-1.5m	Small shrub, greenish white flowers spring. full sun or part shade.
Lasiopetalum floribundum	Velvet Bush	.5m	Low spreading shrub, masses of mauve-pink flowers spring full sun or part shade.
Lasiopetalum involucreatum		.75m	
Lasiopetalum macrophilum	Rusty Petals	.2m P	Prostrate form, rusty brown and greenish flowers in spring, part shade.
Lasiopetalum micranthum		.5m	Low growing shrub, pink flowers spring summer, full sun or part shade.
Lasiopetalum microcardium		.5m	Low growing shrub, pink flowers spring, full sun or part shade.
Lasiopetalum schulzenii	Drooping Velvet Bush	1-1.2m	Small shrub, white flowers, spring, full sun or part shade.

Philotheca (Wax Flower)

Scientific Name	Common Name	Height Metres	Description
Philotheca myoporoides		1-1.5m P	Local species, open rounded shrub, white star shaped flowers spring
Philotheca cv.	Flowergirl	1m P	Small shrub, masses pink-white star shaped flowers winter-spring

Philotheca cv.	Winter Rouge	.8m P	Small shrub, masses white-pale pink star shaped flowers winter-spring
Philotheca cv	Profusion		Small open shrub, profusion of white star shaped flowers late winter - spring.
Philotheca difformis ssp. smithiana	Starsprite	1m P A	Small to medium shrub, fine light green foliage, masses of white flowers autumn - winter.

Thomasia

Scientific Name	Common Name	Height Metres	Description
Thomasia agustifolia	Narrow-leaved Thomasia	.7m P	Small shrub, pink-mauve flowers August - September, full sun or part shade.
Thomasia brachystachya		.5m P	Small shrub very pretty in flower, pink flowers, full sun or part shade.
Thomasia grandiflora	Large-flowered Thomasia	.6m P	Small shrub very pretty in flower, mauve-purple flowers, full sun or part shade.
Thomasia macrocarpa	Large-fruited Thomasia	.6m P	Small shrub, large green-grey felt like leaves, pink flowers August - October.
Thomasia pygmaea		.5m P	Low spreading shrub, profuse pink cupped flowers very showy spring.
Thomasia rhynchocarpa		.5m P	Low spreading small shrub, masses pink-mauve flowers spring full sun or part shade.
Thomasia purpurea ssp.		.5m P	Small compact rounded shrub, mauve-purple showy flowers, September - November..
Thomasia grandiflora	Large pink flowered form	.6m P	Small shrub, large pink flowers spring, full sun or part shade.
Thomasia purpurea		.5m P	Small erect shrub, soft green leaves, purple flowers September - November

Dodonaea (Hop-bush)

Scientific Name	Common Name	Height Metres	Description
Dodonaea viscosa	Sticky Hop-bush	2-3m T	Erect shrub, female plant has colourful seed set in September - October, hardy plant.

Leucophyta

Scientific Name	Common Name	Height Metres	Description
Leucophyta brownii	Cushion Bush	.7m P	Unpright shrub, silver grey leaves, greenish yellow flowers.

Bauera

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Myoporum

Scientific Name	Common Name	Height Metres	Description
Myoporum floribundum	Slender Myoporum	2 - 3m P A	Ornamental plant due to its clusters of white flowers September - November, foliage and habit. Part shade or full sun.
Myoporum bateae		2 - 3m P A	Attractive plant with its mauve - pink flowers August - October, shade or full sun.

Pityrodia

Scientific Name	Common Name	Height Metres	Description
Pityrodia terminalis	Native Foxglove	.7m P	Erect shrub, soft grey foliage, pink - mauve flowers late winter - spring.

Ptilotus

Scientific Name	Common Name	Height Metres	Description
Ptilotus exaltatus	Mulla Mulla (Showy Foxtails)	.6m P	Erect shrub, smooth green leaves, showy large woolly pink-lilac-grey flowers above foliage in spring - summer.

Boronia

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Baeckea

Scientific Name	Common Name	Height Metres	Description
Baeckea camphorosmae		.5m P	Low spreading shrub, fragrant foliage and masses of pink - white flowers in summer.
Baeckea linifolia		2m P	Very attractive weeping shrub, with small white flowers mostly during summer
Baeckea virgata	Dwarf form	1.5m P	Medium shrub, white flowers spring - summer.

Phymatocarpus

Scientific Name	Common Name	Height Metres	Description
Phymatocarpus porphycephalus		1m P	Small shrub, rounded heads of pink-mauve flowers in spring.

Astartea

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Astartea fascicularis		1m P	Small spreading shrub, flowers white to pale pink throughout the year
Astartea heteranthera		.8m P	Small open shrub, profusion of pink-white flowers spring - early summer.
Astartea	Winter Pink	.6m P	Small dense shrub, pink flowers autumn - spring.

Lambertia

Scientific Name	Common Name	Height Metres	Description
Lambertia formosa	Mountain Devil	2m P	Erect shrub, broad leaves, clusters of red flowers throughout the year.

Calytrix

Scientific Name	Common Name	Height Metres	Description
Calytrix sullivanii		1-1.5m P	Spreading shrub, bright green foliage, white star shaped flowers spring.
Calytrix tetragona	Fringe Myrtle compact	.7m	Small shrub, bright green foliage, pink star shaped flowers spring.
Calytrix tetragona	Fringe Myrtle White form	1-1.5m P	Spreading shrub, bright green foliage, white star shaped flowers spring.

Persoonia s

Scientific Name	Common Name	Height Metres	Description
Persoonia pinifolia	Pine-leaved Geebung	3-4m P A	Pendulous shrub, pine-like leaves, yellow terminal flower spikes in summer.

Melastoma

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Scholtzia

Scientific Name	Common Name	Height Metres	Description
Scholtzia parviflora		1m P	Small shrub, small green leaves, masses pink flowers winter-spring.

Bursaria

Scientific Name	Common Name	Height Metres	Description
Bursaria spinosa	Native Blackthorn	2-3m P	Erect thorny shrub, dark green leaves, masses of white flowers spring - early summer.

Gossypium

Scientific Name	Common Name	Height Metres	Description
Gossypium sturtianum	Sturt's Desert Rose	1.5m P	Small to medium shrub, blue-grey leaves, open pale pink - mauve flowers winter - spring.

Dillwynia

Scientific Name	Common Name	Height Metres	Description
Dillwynia glaberrima	Smooth Parrot-pea	1.5m P	Small shrub, small green linear leaves, masses yellow and orange pe a flowers spring.

Veronica

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------
