

Riverina Wildflowers Native Nursery

Small Trees & Medium Shrubs

Acacia (Wattle) m

Scientific Name	Common Name	Height Metres	Description
Acacia baileyana	Cootamundra Wattle	3-6m T	Leaves bipinnate silver-grey, yellow flowers, most soils
Acacia baileyana var purpurea		3-6m P	Leaves bipinnate purple-grey, yellow flowers, most soils
Acacia boormanii	Snowy River Wattle	2-4m	Large bushy shrub, grey-green foliage, yellow flowers.
Acacia cardiophylla	Wyalong Wattle	3-5m	Small tree/large shrub, bipinnate foliage, yellow flowers.
Acacia cognata	Bower Wattle	3-5m	Weeping light green foliage, pale yellow flowers, most soils.
Acacia covenyi	Blue Bush	3-5m	Small tree, blue-grey foliage, yellow flowers, most soils.
Acacia deanei	Deanes Wattle	2-5m	Local species, fine bipinnate leaves, pale yellow flowers throughout the year.
Acacia decora	Western Golden Wattle	1.5-3m	Local species, grey-green foliage, golden yellow flowers.
Acacia doratoxylon	Currawang	3-7m	Local species, small open tree, dark green leaves, bright yellow flowers August - September.
Acacia fimbriata	Fringed Wattle	7m	Small tree, narrow leaves, profuse yellow flowers in spring, most soils.
Acacia glaucoptera	Clay Wattle	1-1.5m	Straggling shrub, flat leaves, single yellow flowers.
Acacia hakeoides	Western Black Wattle	2-4m T	Local species, large shrub, dark green foliage, bright yellow flowers July - August.
Acacia iteaphylla	Flinders Range Wattle	2-4m T	Large shrub, weeping blue-grey foliage, pale yellow flowers August - October, most soils.
Acacia longifolia	Sydney Golden Wattle	3-5m	Small tree, large green leaves, bright yellow flowers, most soils.

Acacia montana	Mallee Wattle	1-3m T	Local species, rounded shrub, yellow flowers.
Acacia oswaldii	Miljee	3-5m	Local species, narrow pointed leaves, scented yellow flowers, most soils.
Acacia pendula	Boree	3-6m	Local species, weeping habit, silver-grey leaves, pale yellow flowers, most soils.
Acacia podalyriifolia	Queensland Silver Wattle	4-7m	Small tree, silver-grey foliage, golden yellow flowers, most soils.
Acacia pravissima	Ovens Wattle	3-7m	Small tree, arching branches, yellow flowers.
Acacia spectabilis	Mudgee Wattle	3-6m	Large shrub, golden yellow flowers.
Acacia stenophylla	River Cooba	4-7m	Local species, weeping green foliage, cream flowers, most soils.
Acacia vestita	Hairy Wattle	2-3m P	Multi-stemmed shrub, weeping habit, bright yellow flowers August - September..
Acacia fimbriata	Fringed Wattle dwarf	2 - 3m P	Medium to small shrub, useful hedging plant, light yellow flowers in spring.
Acacia macradenia	Zigzag Wattle	3-4m T P	Open pendulous shrub, bright yellow flowers September - October.
Acacia binervia	Coastal Myall	6 - 8m T	Medium tree, grey foliage, yellow rod shaped flowers September - October.

Acmena (Lilly-pilly)

Scientific Name	Common Name	Height Metres	Description
Syzygium australe	Hinderland Gold	3-4m P	Medium bushy shrub, orange-gold new growth, white flowers spring
Syzygium australe	Brush Cherry	3m P A	Small pyramidal shaped shrub, white flowers, pink-mauve fruit, most soils.
Syzygium australe	Captain Cook	4-5m P	Dense bushy shrub, reddish new growth, white flowers spring.
Syzygium australe	Opal Maze	2-3m P	Compact shrub, bright rounded glossy green leaves, suitable for hedging and topiary.

Agonis (Willow Myrtle)

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Banksia

Scientific Name	Common Name	Height Metres	Description
Banksia baxteri		2-3m	Erect shrub, yellow flowers summer-autumn.
Banksia ericifolia	Heath Banksia	3m	Rounded bushy shrub, orange flower spikes autumn-winter
Banksia marginata	Silver Banksia	2-4m	Erect shrub, yellow flower spikes spring
Banksia plagiocarpa	Hinchenbrook	3-5m	Large shrub, mauve flower spikes spring-summer
Banksia prionotes	Acorn Banksia	4-5m	Large shrub-small tree, orange flower spikes summer-autumn.
Banksia robur	Swamp Banksia	2-3m	Upright shrub, yellow-green flower spikes summer-autumn.
Banksia serrata	Saw Banksia	6m	Large shrub-small tree, grey-green flower spikes autumn.
Banksia speciosa	Showy Banksia	3-4m	Open shrub, pale yellow flowers summer-autumn.

Brachychiton (Bottle Tree)

Scientific Name	Common Name	Height Metres	Description
Brachychiton australis	Broad-leaf Bottle Tree	6-7m	Small deciduous tree, white flowers

Callistemon (Bottlebrush)

Scientific Name	Common Name	Height Metres	Description
Callistemon brachyandrus	Prickly bottlebrush	2-3m	Local species, Needle-like leaves, red-orange flowers spring.
Callistemon citrinus	Crimson Bottlebrush	4-6m	Small tree, red flowers spring-autumn.
Callistemon formosus		4-5m	Pendulous shrub, lemon flowers spring-summer.
Callistemon viminalis	Weeping Bottlebrush	5-6m	Weeping large shrub, bright red flowers summer-autumn.
Callistemon violaceus	Violet Bottlebrush	4-5m	Erect open shrub, mauve-pink flowers spring.

Callistemon	Hannah Ray	1-3m	Erect shrub, weeping habit, grey green foliage, red flowers.
Callistemon	Kings Park Special	1-3m	Weeping habit, light green foliage, red flowers.
Callistemon	Western Glory	2-4m P	Medium shrub, profuse mauve flowers in spring.
Callistemon cv	Baroondah Station	3m P	Medium shrub, grey-green foliage, pink flowers spring - summer, full sun or part shade.
Callistemon salignus		5-7m T	Small tree or large shrub, Attractive foliage with pink new growth, cream flowers during summer. Most soils.
Callistemon cv	Pink Champagne	3m P	Upright medium shrub, green-grey foliage, pink flowers spring, full sun.
Callistemon	Dawson River Weeper	4-5m P	Attractive pendulous shrub with foliage to the ground, bright red flowers throughout the year.

Calothamnus (Net Bush)

Scientific Name	Common Name	Height Metres	Description
Calothamnus quadrifidus	Common Net Bush	2.5m	Slightly spreading shrub, pine-like leaves, red flowers spring-autumn.

Chenopods (Saltbush)

Scientific Name	Common Name	Height Metres	Description
Atriplex nummularia	Old Man Saltbush	1-3m	Local species, open spreading shrub, grey-green foliage.

Correas (Native Fuchsia)

Scientific Name	Common Name	Height Metres	Description
Correa alba	White Correa	2-3m	Spreading shrub, white flowers winter

Eloecarpus

Scientific Name	Common Name	Height Metres	Description
Eloecarpus reticulatis	Blueberry Ash	4-6m	Medium tree, profuse bell shaped pink flowers spring

Eremophila (Emu Bush) m

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Eremophila bignoniifolia	"Eurah"	4-5m	Large shrub, pendulous white flowers winter
Eremophila bignoniiflora x alterifolia	"Meringur Crimson"	3-4m	Large shrub, pendulous white flowers winter
Eremophila bignoniiflora x polyclada	Big Poly	2-3m P	Large shrub, pendulous white tinged mauve flowers September - October.
Eremophila macgillivrayii		3m	Compact shrub, silver grey leaves, pale orange-light red flowers, spring-summer.
Eremophila oppositifolia	Lilac form	2-3m	Large open shrub, grey leaves, lilac flowers spring.
Eremophila oppositifolia	White form	2-3m	Large open shrub, grey leaves, white flowers spring.
Eremophila platycalyx		2-3m	Upright shrub, grey green leaves, white-light pink flowers September - November.
Eremophila salignia		3-4m P	Large shrub-small tree, green leaves, masses of white flowers spring.
Eremophila aureivisca		1m P	Medium compact shrub, narrow sticky leaves, lilac-light blue flowers August - October.
Eremophila christophorii	White flower form	2m P	Erect open shrub, green foliage, white flowers most of the year. Full sun.
Eremophila biserrata x glabra		P	Spreading prostrate shrub, green foliage, yellow-green flowers spring-autumn.
Eremophila muelleriana		1.5m P	Medium upright shrub, grey-green leaves, flowers very dark purple during spring - early summer.
Eremophila granitca		1.5m P	Medium spreading shrub, fine narrow green leaves, blue flowers, spring.

Eucalyptus

Scientific Name	Common Name	Height Metres	Description
Corymbia ficifolia	Petite Orange (grafted)	3m A	Small compact tree, orange flowers December - January.
Corymbia ficifolia	Petite Red (grafted)	3m A	Small compact tree, red flowers.
Corymbia ficifolia	Orange All Over (grafted)	5-7m A	Medium bushy tree, orange flowers December - January, most soils.

Corymbia ficifolia	Blaze of Red (grafted)	6-7m A	Medium bushy tree, prolific brilliant red flowers December - January, most soils.
Eucalyptus albida	White Mallee	3m T P	Small bushy mallee, ornamental grey-white juvenile foliage, small white flowers, suitable most soils.
Eucalyptus crucis	Southern Cross Silver mallee	6m T	Small tree, silver-blue leaves, white flowers, most soils with good drainage.
Eucalyptus erythronema	Red-flowered Mallee	5-7m T	Small tree, smooth white bark, leaves dark green, red-pink flowers late summer - autumn, most soils.
Eucalyptus forrestiana	Fuchsia Gum	3-4m P	Bushy small tree, ornamental for its bell shaped red four-ribbed fruits, most soils.
Eucalyptus latens	Moon Lagoon	3-4m T A	Small dense mallee, ornamental juvenile grey foliage, flowers cream-white.
Eucalyptus macrocarpa	Mottlecah	2-4m T A	Ornamental straggly mallee, grey foliage, large red - crimson flowers, most well drained soils
Eucalyptus orbifolia	Round-leaved Mallee	4 m P, A	Small bushy mallee, rounded grey-green leaves, flowers cream-yellow August - September, most soils
Eucalyptus pleurocarpa (syn tetragona)	Silver Marlock (Tallarack)	2-3m T A	Very ornamental small shrub, silver-grey stems and foliage, white flowers in December - January, most well drained soils
Eucalyptus pulverulenta	Baby Blue	4-5m T	Small tree, silver-blue foliage, flowers cream-white, most soils
Eucalyptus pyriformis	Pear-fruited Mallee	3-5m P	Small ornamental mallee, large pendulous yellow-pink-red flowers in autumn - winter, most well drained soils
Eucalyptus rhodantha	Rose Mallee	1-3m P	Open upright mallee, silver-grey rounded leaves and stems, large red flowers in autumn - spring, most well drained soils.
Eucalyptus youngiana	Ooldea Mallee	5-7m T	Small shrubby mallee, grey-green foliage, large yellow-pink flowers, most soils
Eucalyptus lansdowneana	Crimson Mallee	4m T	Small tree, red-crimson flowers in spring, well drained soils.
Eucalyptus luehmannii	Bushy Yate	4 - 6m T	Ornamental small tree, bushy habit, grey bark, greenish yellow flowers winter-spring
Eucalyptus preissiana	Bell-fruited Mallee	2 - 3m P	Ornamental small shrub, large oblong leaves, large bright yellow flowers in spring.
Eucalyptus websteriana	Webster's Mallee	6m T A	Small tree, dense foliage, blue-grey leaves, fresh yellow-green bark, pale lemon flowers autumn-winter.

Eucalyptus socialis	Red Mallee	5-8m T	Local species, small mallee, grey-green leaves, pale lemon flowers winter - spring.
Eucalyptus platypus	Moort	4-7m T	Small tree with a dense bushy crown, dark green leaves, pale yellow white flowers spring.
Eucalyptus curtisii	Plunkett Mallee	5-7m T	Small slender tree, dark green leaves, white flowers spring.
Eucalyptus sepulcralis	Weeping Gum	4-7m T	Unusual tree, slender trunk with drooping branches, smooth white bark, narrow olive green leaves, cream - pale yellow flowers summer.
Eucalyptus rossii	Scribbly Gum	5-7m T	Small to medium tree, smooth white bark marked with insect scribbles, grey-green leaves, white flowers spring-summer.
Eucalyptus rosacea		3-4m T P	Small mallee, narrow dark green leaves, smooth bark, flowers cream, pink, or red.

Grevillea m

Scientific Name	Common Name	Height Metres	Description
Grevillea banksii x whiteana	Caloundra Gem	2-3m P	Medium erect shrub, pink creamy flowers summer.
Grevillea longifolia	Long-leaf Grevillea	3m	Erect shrub, pink flowers spring.
Grevillea sericea	Pink Spider Flower	1.5-2m	Erect shrub, pink terminal flowers.
Grevillea olivacea x thelemanniana	Winpara Gem	2-3m P	Large shrub, red-orange flowers winter-summer. Screen plant.
Grevillea	Bonfire	1-2m P	Rounded spreading shrub, fiery red flowers during spring.
Grevillea	Bulli Beauty	2-4m	Tall shrub, pink-apricot flowers.
Grevillea	Honey Gem	3-5m	Tall shrub, orange-yellow flowers.
Grevillea	Misty Pink	2-3m P	Medium shrub, greyish leaves, pale pink flowers above foliage.
Grevillea	Moonlight	2-3m	Medium shrub, creamy white flowers.
Grevillea	Sylvia	2-3m	Medium shrub, rose pink flowers.

Grevillea	Copper Rocket	2-3m P	Upright large shrub, mauve - pink flowers September - December.
Grevillea barklyana		3-4m P A	Large open shrub, grey-green toothed leaves, pink flowers spring.
Grevillea	Sandra Gordon	3-4m P	Tall open shrub, silver-green foliage, yellow brush flowers during winter - spring
Grevillea	Bush Lemons	3m P	Medium to large shrub, fine open foliage, lemon brush flowers, mainly spring-autumn.
Grevillea	Orange Marmalade	3m P	Large shrub, dark green leaves, orange spider flowers, throughout the year.
Grevillea	Midas Touch	2-3 m P A	Tall open shrub, grey foliage, orange-yellow flowers spring-early summer.

Hakea

Scientific Name	Common Name	Height Metres	Description
Hakea francisiana	Pink Pokers	3-5m	Erect shrub, showy pink flowers winter-spring.
Hakea invaginata		2-2.5m	Dense medium erect shrub, showy pink flowers winter-spring.
Hakea laurina	Pincushion Hakea	4-6m T, P	Large shrub, bronze new growth bronze, flowers red/pink and cream autumn -winter
Hakea multilineata	Grass-leaf Hakea	3-5m P	Tall erect shrub, showy pink-red flowers June -August.
Hakea petorlaris	Sea-urchin Hakea	2-3m	Large erect shrub, blue-green leaves, pink-cream flowers autumn-winter
Hakea victoria	Royal Hakea	2-3m P	Medium erect shrub, noted for its orange-yellow-cream-green foliage with age, good drainage.

Hibiscus

Scientific Name	Common Name	Height Metres	Description
Hibiscus divaricatus	Yellow flower form	3-4m	Tall erect open shrub, large brilliant yellow pendant flowers spring-autumn
Hibiscus heterophyllus	Pink flower form	2.5m P	Large quick growing shrub, outstanding pink flowers spring to autumn
Hibiscus heterophyllus	Lemon flower form	2.5m P	Large shrub, flowers pale lemon spring-autumn

Hibiscus heterophyllus	White flower form	2.5m P	Large shrub, flowers white tinged pale pink during spring to autumn
Hibiscus heterophyllus	Apricot Form	2.5m	Large shrub, flowers apricot spring-autumn
Hibiscus splendens	Hollyhock	3-4m P	Open shrub, grey-green leaves, large pink flowers spring-autumn.

Hymenosporum

Scientific Name	Common Name	Height Metres	Description
Hymenosporum flavum	Native Frangipani	5-7m	Small narrow tree, shiny green leaves, fragrant cream-yellow flowers, ample moisture.

Kunzea m

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Leptospermum (Tea-tree) m

Scientific Name	Common Name	Height Metres	Description
Leptospermum brachyandrum		3-4m	Tall shrub, pendulous grey foliage, white flowers spring-summer.
Leptospermum	Copper Glow	2-3m P	Rounded shrub, copper-light brown foliage, white flowers late spring - early summer..
Leptospermum morrisonii		3-4m P	Large rounded shrub, bronze-green leaves, white flowers spring - early summer.
Leptospermum petersonii	Lemon-scented Tea-tree	3-4m	Open shrub, lemon scented leaves, white flowers spring-summer.
Leptospermum morrisonii	White Opal	3m P	Medium shrub, dark mauve-purple foliage, white flowers spring - summer, full sun.

Melaleuca (Paperbark) m

Scientific Name	Common Name	Height Metres	Description
Melaleuca citrina		1-3m	Shrub, narrow leaves, yellow-orange flowers in spring
Melaleuca cucullata		2-4m	Large shrub, profuse white flowers, spring.
Melaleuca decussata	Totem Poles	2-3m	Large shrub, profuse white flowers, spring.
Melaleuca fulgens ssp fulgens	Scarlet Honey-myrtle	1-3m	Erect shrub, red-pink flowers spring

Melaleuca fukgens ssp steedmanii		1-3m	Twiggy shrub, blue-green leaves, or crimson flowers with golden anthers, spring.
Melaleuca incana	Grey Honey-Myrtle	2-3m	Medium shrub, weeping grey foliage, white-yellow flowers spring.
Melaleuca lanceolata	Moonah	3-7m	Local species, Large shrub, white flowers, spring-summer
Melaleuca lateritia	Robin Redbreast Bush	2-3m T, P	Medium open shrub, vivid orange-red flowers, late summer - autumn.
Melaleuca megacephala		1-3m T	Medium open shrub, profuse light yellow terminal flowers, spring.
Melaleuca nesophila	Showy Honey-myrtle	3-4m	Large dense shrub, violet flowers, late spring-summer.
Melaleuca nesophila	Little Nussy	.4m P	Dwarf form, mauve flowers late spring - summer.
Melaleuca armillaris	Bracelet Honey-myrtle	5m T	Rounded spreading shrub, linear leaves, white bottlebrush flowers spring-summer.
Melaleuca armillaris	Pink flower form	5m P	Rounded spreading shrub, linear leaves, pink bottlebrush flowers spring-summer.
Melaleuca alternifolia	Snow-in-Summer	6m T	Large shrub-small tree, narrow green leaves, white bottlebrush flowers summer

Solanum (Kangaroo Apple)

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Ceratopetalum

Scientific Name	Common Name	Height Metres	Description
Ceratopetalum gummiferum	NSW Christmas Bush	3 -4m P	Erect shrub with terminal white flower in spring followed by reddened calyces in summer.

Telopea

Scientific Name	Common Name	Height Metres	Description
Telopea hybrid	Corroboree Waratah	1-3m P	Medium shrub, large red terminal flowers September - October, full sun to part shade, good drainage.

Lomatia

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------

Eucryphia

Scientific Name	Common Name	Height Metres	Description
-----------------	-------------	---------------	-------------
